

PINE CONE BIRD FEEDER

- 1-It's time to feed winter birds.
- 2-Here's an easy feeder to make.
- 3-Take a pine cone and a long string.
- 4-Tie the string a few layers below the stem.
- 5-Use a butter knife to coat the cone with creamy peanut butter all over.
- 6-Pour bird seed into a large shallow bowl.
- 7-Roll the peanut butter covered cone in the bird seed until completely coated with seeds.
- 8-Hang the cone in a tree where you can watch the birds feed.
- 9- It is a myth that peanut butter is bad for birds . I researched this to be sure...
- 10-Enjoy winter fun !
